

# 12' Wide Homestead Barn Style Garage Series

## 12' x 28' x 11' Homestead Barn Garage

Shown in 12' x 20' x 11'

### More Headroom. Stronger Roof Design.

- Barn Style Roof Design gives more headroom and cubic storage space. Starting with a high grade steel, every frame pipe and connector goes through a proprietary 13 step Rhino Shield surface preparation process.
- The heavy duty 2" diameter all steel frame, bonded with Dupont™ thermoset baked on powder-coated finish prevents chipping, peeling, rust and corrosion.
- Solid 8 rib design, complete with slip fit connectors and swedged tubing for easy assembly and bolt hardware at every connection point ensures a solid structure. Rugged Ratchet Tite™ tensioning for quick and easy cover installation.
- Triple-layer chemically heat bonded enhanced polyethylene rip-stop fabric cover is hot air fused at the seams and 100% waterproof with a white interior lining for enhanced illumination.
- UV-treated inside and out with added fade blockers, anti-aging, anti-fungal agents results in a cover that withstands the elements.
- Structure sets up quickly and in most cases requires no building permits. Check local ordinance before installation.

**Great For:** RV's, big boats, commercial and industrial equipment, trucks, trailers and bulk storage.

**We've Got You Covered.™**  
North America's #1 Shelter Manufacturer.

**Model #90253 / 90254**

### Package Includes:
